(B side to Burning Benches single)

I can hear a pindrop and you ain't stop talking all the
day
Yes I'm still counting figures wondering when you'll be
on your way
We'll give each other support when we needed you,
just lost your fight
But my nerves have gone I can't even feel it are you
sure you'll be alright?

I can hear a pindrop and your not talking much today
Yes I'm still counting seconds realising you just walked
away
We'll give each other support when we needed you just
lost your fight
But my nerves have gone I can't even feel it are you
sure you'll be alright?
