I keep livin' this shit one day to the next  
Or is it bottle to bottle?  
I seem to forget  
The after-party  
My call to arms  
The after party  
Come on down!  
Constantly, read my rights  
Baby I'm wavin' my right to silence  
I give thanks to the drunk tank  
My only sanctuary  
My self-destructive state of mind  
Drink and the devil on my side tonight  
I'm sinkin' but I can't swim  
I'm thinkin' I'm a hot-bed of sin  
Here comes the fiend in me x2  
The devil's after me for my soul  
Can't pay the toll with rock and roll  
Suffer this shit one shot to the next  
God I'm the living dead  
I made a monster out of me  
I can't tame the beast  
Three sheets to the wind losing balance  
Evading the vultures talons  
Killin time till I get caught  
Leave me here  
Let me rot  
Bury me in blue suede shoes, a ten gallon hat and a  
bottle in hand  
Know that I was the match  
Struck fear into the hearts of man  
Oh  
The bottle and the truth  
My blood is one hundred proof
