Hot summer nites - burning lights
live till tomorrow - survive !
Hot summer nites - burning lights
live till tomorrow - survive !
Wild eyed young guys looking for fights walking
around under city lights.
Streets that burn with a heat that shimmers

People going crazy
emotions simmer.
Hot summer nites - burning lights
live till tomorrow - survive !
Hot summer nites - burning lights
live till tomorrow - survive !
Bets run high
nervous heat
cards on the steps
dice in the street.
Girls that burn with a woman's desire - down in an alley
way life's on fire.
Hot summer nites - burning lights
live till tomorrow - survive !
Hot summer nites - burning lights
live till tomorrow - survive !
Sharks on the street got a real cheap deal

Kids playing cops who know how to steal.
Old ones talk about the life they've had
most agree that the world's gone mad.
Hot summer nites - burning lights
live till tomorrow - survive!
Hot summer nites - burning lights
live till tomorrow - survive!
Hot summer nites - burning lights
live till tomorrow - survive!
