

Hollow "Break The Chain"

Visit "[Break The Chain](#)" on MotoLyrics.com

The world is drifting into chaos and chaos grows with
each new day

Our time is waning and our debts stand to be payed

We try to fake the laws of nature ut nature's hard to
understand

we toy with fate with our puny eagy hands

Destruction, passion lives in vain

Hide in dreams while the world screames in pain

When will we break the chain

Break the Chain!

Break the patern of your ways

We take so many thingsyet the price can't be to high

We have to reap what we have planted - end the lie
