

Hollow "Stand Or Fall"

Visit "[Stand Or Fall](#)" on MotoLyrics.com

I ride the mist of the morning sun the hunt has just
begun where can I run?
Am I an animal? beast or man? each day distorting me
-
each grain of sand
I beg for Mercy I cry for relief my twisted features a
mirror to grief
the spell is working my pityledd liege but soon will
come the ay of retribution

Stand or fall repent your sins
heed my call the righteous wins

I will return from my exile to take revenge on you
deceitful prince
you shall regret what you've laid on me and face your

bitter end and I'll
be freed I will resume what is rightfully mine I've
read the stars yes, and
I've seen the signs
you will stand challenged your life will be mine in
two hands I'll break the
spell that binds me

Be this the birth of an endless crusade I will not
rest till all debts have been paid
shine in the light where but justics prevails the
spell is frozen but it can't be broken
