verse1:

the systems lies ingulf us all
like a god inside our minds
why do we compromise the fall
as the system tricks us
and leaves us blind
to the bullshit ans the lives we comply to
oblivious of the truth
they consimilate our brains to think that weve been lied
to
and think that we can't provide the proof

chorus

blood paints the pictures
that ingnorence has sporned
why do we stand back
and watch as our lives are torn
the vengence inside us
we choose to ignore
hipocresy will sees to be we wont take any more

verse2

when will we open our eyes and see
the brutality of this world
when will we realise and choose thell be knowone but
ourselves
the subliminal messages that warp our minds
deaf to our ears and blind to our eyes
you have to read between the lines to unearth the proof
of that perfect discuisse

chorous

blood paints the pictures
that ingnorence has sporned
why do we stand back
and watch as our lives are torn
the vengence inside us
we choose to ingnore

hipocresy will sees to be we wont take any more
