"No Eyes Heard"

There's always one true heart left behind

Girl, but what feelings do we ever find

Wake me up and guide me to through this place

Tears streaming down your face
Eyes that meet in dreams

I'm sightless, they disappear

We walk alone in the hour we are

Fading away, and we fade, far
CHORUS:

There are no eyes heard

Girl, I have gone so blind

There are no eyes here

In the distance, they disappear
I hear in the night's core

Always through night and day

It starts to rush

Then it builds

I lay still

We burn like one flame
I hear it with low sounds
On the streets that are gray

What burns below

Is the dark night

Where the darkness flows

CHORUS

There are no eyes heard

Girl, I have gone so blind

There are no eyes here

In the distance, they disappear
Looking for eyes that can see

And lips that will kiss

Then our whispers

Fade to our eyes

Your breath goes now

And you say no

CHORUS

There are no eyes heard

Girl, I have gone so blind

There are no eyes here

In the distance, they disappear
