

Morningside Lane

"The Fallen"

Visit "[The Fallen](#)" on MotoLyrics.com

When I lay tangled in your eyes,
I hover over your gates,
It's like a black flame of sleep,
It's a chain you make,
But as your eyes fade,
The fire is ice and fades away ,

These fallen nights are gleaming,
And they're sending me all the signs,
Take what you want and forget me for once,
Again to be so much alike,

My love is like ice and yours is fire,
But your heart is cold, and mine's burning with desire,
With this heat loneliness in your mind,
And it won't stop until you learn,
If love is fire I want to burn

These fallen nights are gleaming,
They're sending me all the signs,
Take what you want and forget me for once,
Again to be so much alike,

I want to know how you move pretty baby,
A broken modern girl, we've been cut up the same,
I want to know how you dance pretty baby,
So much alike I was born a Cain.
So come on let's pretend, our bitter end,
Play my secret chord notes on my heartstrings.
But did you ever know, I've got a quite need.
And the only sound you'll hear is me, (Say Something
Baby, Say Something Low)
And the only sound you'll hear is me, (Say
Something Baby, Say Something Low)
And the only sound you'll hear is me, (Say
Something Baby, Say Something Low)
And the only sound you'll hear is me, (Say
Something Baby, Say Something Low)

Tell me about your seas,
Yeah, and tell me your sorrow

Writing these words, and the notes, and the chords
Yeah, I'll sing your sorrow,
Wasting my time with you,
I sing my sad songs for you,

Tell me about your seas,
And tell me your sorrow,
Writing these words, and the notes, and the chords,
Yeah, I'll sing your sorrow
Wasting my time with you,
I sing my sad songs for you ,

And the only sound you'll hear is me,
And the only sound youâ€™ll hear is me,

Once more fall into my arms,
And leave your kisses to my lips,
One moment in the light,
Still holds my faltering sights,
And it's like a black flame of sleep, and the shadows
have closed,
19 years of being so alone,
But we go silent as we whisper together,
I shall never forget the fallen nights,
Never.
