LIES AND DOUBT

Not feeling too strong but now it's time to move on and
forget about you
Because the life that you're leading's left so many
bleeding it's true
Since you went away we take it day by day
Mamma's getting better but I have to say
The mess in me that you left is getting hard to repress
We'll have this out one day.....yeah

Lie's and doubt, lie's and doubt again yeah
Why did you do those things when you knew what
they'd do to me
Or was it something so blindly inside me that you just
wouldn't see, I see...

I feel so inane when I try to explain how it hurts inside
I know you don't want to hear me old man
Oh well you're the one who told me lie's
With the money in my name let's see who take's the
blame
I smile to myself it's like you feel no shame
I made a deal to this day by her side I will stay
I will never turn out that way

Lie's and doubt, lie's and doubt again yeah
Why did you do those things when you knew what
they'd do to me
Or was it something so blindly inside me that you just
couldn't see, I see
Holding on so tight in the grip of reality oh they start to
wither and fade the promise's
You made, yet the lie's and the doubt remain
