RED DEVIL

Covered eyes withholding a sly grin
She folds me down and sorts amongst the sin
She need's you're soul to win

Red devil, red devil, red devil, red devil
She'll hold you in her right hand
Yeah yeah

Covered eyes and red hot violent skin yeah yeah
She folds me down and fill's me from within
So don't touch me just walk away from me
I don't need your help no more
So let's even up the score
Walk out the fucking door
I don't want to see your face
Around here no more.

Red devil, red devil, red devil, red devil
She'll hold you in her right hand
With her eye's and her smile in her heart your denial
She'll take you to your twisted land
Red devil in hand, red devil in hand -----WATCH
OUT!!..
