Vr

Alone a man waits for no-one
Desires nothing once again
Lord why I cried out in salvation
But as if by plan the God I knew was dead

Oh no here I am again so down, all alone with the
memories in my mind
Oh no here I am again so down, all alone with the
memories in my mind

The answer to my prayers
Doesn't lie over there it's hard to see the light
I know the answer to my prayers
Doesn't lie over there
On bended knee we fight
Lord wont you help me

Nothing I do is right
Oh my chest is ever growing tight
To you this may seem crazy
Maybe we'll meet on the other side.

And so he walked right in and placed a hand on me
And he decided to start the healing once again
Well I asked him why is it me does this shit really
happen in three's
Is it safe now or am I

Oh no here I am again so down, all alone with the
memories in my mind
Oh Lord how they hurt me
Oh no here I am again so down, all alone with the
memories in my mind

The answer to my prayers it doesn't lie over there it's
hard to see the light
I know the answer to my prayers it doesn't lie over
there
On bended knee we fight
Lord won't you help me

Nothing I do is right oh my chest is ever growing tight
To you this may seem crazy maybe we'll meet
on the other side.

A man walks alone with no friends and no
home along a dusty dirty road a million miles from any
home
I'm lost and so alone I'M ALONE!
