There comes a point when too much is the
case,Ã¢â€šÂ”
you rely on your image as it shatters and breaks.
Ã¢â€šÂ”You’re not all that I see, Miss. Make Believe.
You’re not all that I see, Miss. Make Believe.Ã¢â€šÂ”

Attention please!
What are you trying to play?
The victim or the thief,
who lost their mind at the scene of the crime?
Ã¢â€šÂ”
So now you run away with no place to hide,
and when I catch you I find a deer in the headlights.
Ã¢â€šÂ”You’re not all that I see, Miss. Make
Believe.Ã¢â€šÂ”
You’re not all that I see, Miss. Make Believe.Ã¢â€šÂ”

Attention please!
What are you trying to play?
The victim or the thief,
who lost their mind at the scene of the crime?

I never saw it coming,Ã¢â€šÂ”
lost this time, lost this time.
Ã¢â€šÂ”
Look around and you will see
the bridges you burned and how it will be.Ã¢â€šÂ”
Step aside, let it unfold in front of your eyes.Ã¢â€šÂ”

Your eyes only speak of lies.
Ã¢â€šÂ”
Attention please!
What are you trying to play?
The victim or the thief,
who lost their mind at the scene of the crime?Ã¢â€šÂ”

I never saw it coming,Ã¢â€šÂ”
lost this time, lost this time.
