Close your eyes take a look in your mind
You're gonna find me right behind
The open door to Heaven's stairway
Won't you come inside

Another time another reason to live
I got my flesh and blood to give so I
I'm gonna meet you on the other side

I'm counting down my life
Cause my soul just might escape
See I'm the leader and you are the clown
In this heartbreak parade

Hey you Yeah they're comin' for me
We all gotta die eventually
I'll love this until I go
'Til the laughing dead take me away

Now I can't bleed but I can read your mind
And I can hear you say you want to die
For the hundredth time

Nobody's gonna wheel you around
You, won't grow old and gray
You'll never need no fountain of youth
If you sing with me

Hey you Yeah they're comin' for me
We all gotta die eventually
I'll love this until I go
'Til the laughing dead take me away...Far away.

And when I'm gone you will cry no more
Up in Heaven or Hell below

Hey you Yeah they're comin' for me
We all gotta die eventually
I'll love this until I go
'Til the laughing dead come take me

Hey you Yeah they're comin' for me

We all gotta die eventually
I'll love this until I go
'Til the laughing dead come take me
'Til the laughing dead come save me
'Til the laughing dead take me away
Do you hear them comin' for me
