I've been building blocks since I was a baby  
I've been puttin up bricks since I was a kid  
when I'm kissing I want to see over your shoulder  
You said nobody showed but I know that I did.

And I want it and I need it  
And I love it cause it is my own life  
And I want it what keeps you satisfied  
and i need it I like to think of our lifes as a movie  
to bad I can't think outside of the box  
sometimes I think in extra colors  
and I can only hear it when it talks

And I want it and I need  
And I love cause it is my own world  
And I want it what keeps you satisfied  
and I need it fillin you with love  
cause it is my own life and  
no one can take it from me
