I been building blocks since I was a baby  
I been putting up bricks since i was a kid  
When I'm kissin' I wanna see over your shoulder  
You said I never showed you but I know I did

And I want it  
And I need it  
And I love it  
Cause it's mine all mine  
(you can't shut your eyes)  
And I want it  
(keeps you satisfied)  
And I need it  
(by filling you with lies)  
Cause it's mine and no one can take it from me

I'd like to think our lives were like a movie,  
Too bad I can't think outside of the box  
Sometimes I see in x ray colors,  
And I can only hear it when it talks

And I want it  
And I need it  
And I love it  
Cause it's mine all mine  
(you can't shut your eyes)  
And I want it  
(keeps you satisfied)  
And I need it  
(by filling you with lies)  
And I love it  
Cause it's mine all mine and no one can take it from me

It's my night time and I want it  
It's my night time and I need it  
It's my night time and I love it  
It's my night time and I want it  
It's my night time and I need it  
It's my night time and I love it  
It's my night time and I want it  
It's my night time and I need it  
It's my night time and I want it

It's my night time and I love it  
It's my night time and I need it  
It's my night time and I love it  
It's my night time and I want it  
NO ONE CAN TAKE IT FROM ME
