(Colton Grundy)
Colton Grundy the Undying
I'm dead and lifeless
The casket maker
Soul taker, your life is
Priceless
Especially on the black market
If you're alive and breathing
Then you're a moving target
Which means you can be hit
And the quickest lickity split
Lay down in the ground
Surrounded by a casket
That I built
Out of warped woods and drift wood
Rusted railroad spikes
Collected from the neighborhood
Skilled in the family trade
I'm center stage
In the most horrific side of me
You'll ever see is like an instinct
Some sort of nervous twitch
I'll stack the bodies 10 high
And bungee cord them to the trailer hitch
Pulling dead weight
Just made it over the border
And out of state
No time to debate
Time is short and the day is only so long
10 bodies put in the ground before dawn

(Chorus x2)
10 bodies put in the ground before dawn
10 bodies put in the ground before dawn
(The moon is out and I'm digging on it) (x2)

(Colton Grundy)
Blaze Your Dead Homie
The unliving I'm dead and lifeless
The clock bearer
So terror the time is

Precise when your body is separating from soul
That's where I take your life
And transform you to a ghost
And you're powerless
Body limp, like dead fish
Only choose 10, never more
Less cause that be selfish
No headstones
Just 10 open holes in grounds
And dead bodies surround me
You're face down
No garbage bags
Not saying they trash
I'm just saying it preserves the body
And makes it last
For the future
And the time the to come ahead
Take it from the dead man
Things are easy when you're dead
I'll be back for you
I left the shovel right beside you
I hid you pretty good
I don't think no one's gonna find you
Time is short and the sun's coming along
I left the burial site before dawn

(Chorus x2)

I left the burial site before dawn
I left the burial site before dawn
(The moon is out and I'm digging on it) (x2)

(Colton Grundy)

Am I the sand man?
The one that freed you or your ghost
Or the mad man?
The one that slit your throat
Tonight's the night
10 more coming to join you
I'll make it interesting
I would never disappoint you
There's 30 of ya'll all
Together and collected
And this here, chunk of the Earth
That we've infected
And now you're expecting them to grow
Into the millions
Unless they find a way to capture, apprehend
And kill me

Unless they find a way to capture, apprehend and kill
me

Unless they find a way to capture, apprehend and kill
me

(The moon is out and I'm digging on it) (x2)

I left the burial site before dawn

I left the burial site before dawn

(The moon is out and I'm digging on it) (x2)

(Chorus x2)

10 bodies put in the ground before dawn

10 bodies put in the ground before dawn

(The moon is out and I'm digging on it)
