[Violent J]

This life is tricky, mean and strange  
you can only be sure about one thing, change  
for worse or for better, maintain  
catch wisdom, try to gain brains  
In my life, I seen a lot come and go  
Like a non stop fashion show  
Very little shit lasts forever  
and just because shits blue, it ain't better  
I wanna be with Shaggy and Billy, my dogs for life  
And I pray that I'll never change every night  
I said never again, and then I did it, and did it again  
I can't pretend, I won't lie, yo I've lost control  
and it's a scary endeavor, I got it together  
But it took forever, Now I want forever to be just like  
this  
the shit I wish

that's right  
yeah  
JUGGALOS!

[Geto Boys]

Relax yourself, don't you be so cold  
death around the corner y'all but he don't know  
momma tell him go to church but he won't go  
and instead of trying to ? He won't go  
Dope man tell me what the fuck are they yelling  
Got a mad flab, now his pockets start swelling  
up early in the morning trying to hit that lick  
wanna fuck her all night, you gotta protect that dick  
heard he that shit, smoke that bowl  
chase that dragon homey, sell that soul  
the fact of the matter is the world's so cold  
seems its going good til yo homeboy ?  
So no more late night bentley creeps  
Smoking dro, switching freaks  
Should've known one day this shit would ?  
Fuck the south cause this the coast

Forever

and bringing you  
forever  
we bringing you  
forever  
forever

[Shaggy 2 Dope]

Truth is happiness is in your own head  
how your perceive shit, believe it is  
it's all you, some of us sad fools  
can't help it, living in a bad mood  
shit hurts, then it only gets worse  
they don't get it, not even the experts  
but trust me, it won't last forever  
you hit bottom, shit finally gets better  
some don't need bank to laugh  
and live on the bright side, whatever the path  
when you hit 40 or 50, that's just half  
enjoy youth cause that's what you don't get back?  
forever, revolves around you  
that's your time, I'm living in mine too  
How much positivity are you blind to  
you only live once I'll remind you

yeah, HA  
fo sho  
forever  
?

[Geto Boys]

1, 2, 3, 4 where you mothafucka ? At the door  
with a 4 4 baby, my homey got a 3.80  
I do it for myself and my kids and my old lady  
don't be looking all greedy, trying to play us cheap  
we just tryna figure out a way to eat  
they say the blacks and the whites can't get along  
but ICP and Geto Boys just did a song  
man I work hard, so I play hard  
Dick stay hard, when I'm in my broad  
there's a struggle everyday, gotta play the card  
anyway the wind blows, Imma still play the guard?  
Even when im at ?  
When my righteous side?  
comes forever like my life expired  
they say I'm not a lyricist, they can talk that shit  
but the rhymes that I spit gon last forever

we on this forever  
that's right  
forever  
father forgive us

forgive us

[Violent J]

none of that good shit lasts forever  
but you just might like the new changes better  
It's funny how we adapt and keep it together  
as the months roll by, seasons and weather

[Shaggy 2 Dope]

But when it all shuts off- the death pop!  
And that'll be the day your forever will stop  
until then we experience these emotions  
with pink sky, high  
and lows as deep as oceans

[Violent J]

I wanna see you and me last forever  
Loop this life up and end it never  
and live through the ages, the lows, the stages  
and never let them close the pages

[Shaggy 2 Dope]

To find peace of mind is impossible  
forever is plagued with obstacles  
so we make the best of good times  
we stuck on play, we can't rewind

?

It's going down  
going down  
Loving you

we just wanna see us all together, after forever, off in  
shangri-la  
we just wanna see us all together, after forever, off in  
shangri-la  
we just wanna see us all together, after forever, off in  
shangri-la  
we just wanna see us all together, after forever, off in  
shangri-la

off in shangri-la  
off in shangri-la  
off in shangri-la  
off in shangri-la

we just wanna see us all together, after forever, off in  
shangri-la  
we just wanna see us all together, after forever, off in  
shangri-la  
we just wanna see us all together, after forever, off in

shangri-la  
we just wanna see us all together, after forever, off in  
shangri-la

off in shangri-la  
off in shangri-la  
off in shangri-la  
off in shangri-la

off in shangri-la  
off in shangri-la  
off in shangri-la  
off in shangri-la

off in shangri-la  
off in shangri-la  
off in shangri-la
