death can occur at any time at any given moment on
any
day and when it does you personally will meet the
Wraith
face to face
join us for the wraiths exhibit of shangri-la
november 5th
its the arival of the mighty 6th jokers card
is it the end of the world?
yes it is the end of the world
and its also the begining the begining of a brand new
solid juggalo
world for us all to enjoy

[chorus 20x]
we will never die alone
juggalos will carry on
swing our hatchets if we must
each and everyone of us
