"Scatter Brain"

Pay attention kid. Nail Gun. Don't you ever pay any fuckin' attention. (Don't panic) Oooo (Um) Fucking Concentrate. (Scatterbrain) Unorganized cluster fuck. *[Laughing]* You need to think about what the fuck you're doing (noises in the background) I'm working on something. Miscellaneous (I'm not quite all there) If you just put some effort (scary not a nice guy) if you cared (I'm trying to fucking concentrate) What the fuck is wrong with you *[mumbling:]* and of course... the circus)

Where my swim suit at
The soups on in Argentina
Convalescent home patients serving me with subpoenas
Make sure you tell the fuckin' captain his legs are made of rubber
I got an apple for your forehead if I'm cleaning the shutters
Give me my turkey pass
Tradin' chops sticks with the hooligans
Snakes are in a submarine
I'll never go to school again
I stole you a Porsche 'cause your mama's a fox
I'm selling footwear insoles and I'm running three shops
Horrified jelly worms with electric infantago
Dinosaur crybabies cookin' shrimp in San Diageo
Full moons mean nothing without your roller skates
When the water runs dry and blood fills the great lakes
I'm a hired assassin but ice sculpture is art
And so I ride a horse everywhere returning shopping carts
It's raining fish flies on the east side and I'm rappin'
Slutty ass skanks get slapped for nappin' (umph)

I don't wanna know about the shit that matters
Skip-switch forget shit I scatter my brain (I scatter my

brain) [2x]

Throw your hands up
Kamikazes don't tell lies
With that watermelon foot bath they minds collide
Bitch, my knees been bald headed so download that
Ridin' on a zamboni in my Danny Kaye hat
I'm the number one contender for a shot at the bible
belt
I swam between piranhas and assaulted a patty melt
The red planet still remains in orbit
Leavin' trash piles cleaned up by A.J. Styles, Me, and J.
Giles
Leopard shit in my yard
I took the yellow pill
I once stabbed a flamingo but it was only a fire drill
Meet me at the market for your kung fu prize
With that frozen ice firecracker (everybody rise)
Get your panties off ho this ship is ready to attack
Somebody get on the piano I'm calling John Cusack
And put ten on pump seven if your skills are tight
Make sure you bring a wet mitten 'cause its col col col
cold at night

I don't wanna know about the shit that matters
Skip-switch forget shit I scatter my brain (I scatter my
brain) [4x]

[Laughter]

I scatter my brain

I I I scatter my brain

I don't wanna know about the shit that matters

I I I scatter my brain

I don't wanna know about the shit that matters

My brain

I scatter my brain (I scatter my brain)

I don't wanna know about the shit that matters
Skip-switch forget shit I scatter my brain (I scatter my
brain) [2x]
