Ya put it on now, make it go
Toss the rest out, make it show

You don't need me anyway
Don't matter I would say

Ya got to get out, ya got to go
Could be far off, even though

You don't need us all today
Don't matter anyway

And ya chop away, yeah
Ya chop away

Ya chop away, yeah-he-yeah
Ya chop away

All the girls they like to play
Little money is all they need

They don't ask you where you've been
It don't matter much to them

Chop away, yeah-he
Ya chop away

Ya chop away, yeah-he-yeah
Ya chop away

Chop away, yeah-he-yeah
Ya chop away

Ya chop away, yeah-he-yeah
Ya chop away
