I heard a freight train back on the rail again  
I heard a whistle blowin off in the distance  
It's hot as hell here, the heat's been growin  
It's hot as hell dear, oh well you know it  
She's comin offa the rail throwin gravel  
in a hell of a wave

I heard a freight train-been haulin hemp again  
Yeah smokin on the rails,  
yeah I need a head check  
It's hot as hell here, feels like it's glowin  
It's hot as hell dear, yeah now I'm goin  
She comin offa da rail  
Throwin gravel in a hell of a wave  
Conductor he don't know,  
radio the engineer to brake

Here come a freight train haulin the gold away  
Another money car yeah in a big way  
It's hot as hell here, I can't feel nothin  
It's hot as hell dear, well ain't that somethin

She comin over the hill  
She comin offa the rail and goin up
