Coming back from Reno

It's along way back

Never had the money

Had to hitch hike, yeah

Head on out

Head on out

Head on out

To where you've never been

Heading out to Cali

On a half sunk raft

Took in all my money

With a special flask

It's a funky zoo man

Turn ya half beast champ

Pass another hit man

Don't ya bogart that

Head on out because you're nowhere

Head on out you go and see

Head on out way past the mountain

Where you've never been
