"On The Run"

Out of place, out of space
Out of form, live or gone

You go now, show you how
I'm on the run

Out of love, out of drugs
Out of form, bad tung

I know now, show you how
I'm on the run

I can now, show you how
I'm on the run

Out of view, no more use
Out of grief, I get peace

I can now, show you how
I'm on the run

I can now, show you how
I'm on the run

On the run, on the run
On the run, on the run
On the run, on the run

On the run, on the run
On the run, on the run
