Somebody,  
Somebody was knockin' on my door,  
Somebody  
Nobody,  
Nobody was comin' 'round before  
Weren't nobody  
Was that the police or CIA  
Or just some magazine?  
Say, could be it's some lost friend,  
I cannot say, say  
Was a time I would not mind  
I hear a knockin', I said  
Shut that door  
Seemed kind of funny  
Seemed kind of funny  
But I never was before  
No, it never  
Seemed kind of funny  
Was that the police come again  
Said some for the magazines  
And could be it's some lost friend,  
I cannot say  
Shut that door!  
Said somebody  
Somebody was knockin' on my door  
Somebody was knockin' on my door  
Somebody was knockin' on my door  
Somebody was knockin' on my door  
Somebody was knockin' on my door  
Somebody was knockin' on my door
