I win u lose, once again
Yes that's the way it is, my friend

You try so hard but you, never win
I win u lose, once again

They're gonna get you
They're gonna eat you
They got a brand new way

They're gonna get you
They're gonna eat you
They got a brand new way

I win u lose, once again
Yes that's the way it is, my friend

You try so hard but you, never win
I win u lose, once again

They're gonna get you
They're gonna eat you
They got a brand new way

They're gonna get you
They're gonna eat you
They got a brand new way

I win u lose, once again
Yes that's the way it is, my friend

You try so hard but you, never win

I win u lose, I win u lose,
I win u lose, once again
