I don't want to live like before anymore
Now I know what life is for
I want to live for pleasure, In peace beside you,
somewhere

Special dinner by candlelight
To feel your body part of mine
You're guessing what I need
I'm giving you a wonderful time, we enjoy life

Night night, night inside your eyes
People are walking alone and I'm waiting for you, only
you
Night night, night inside your eyes
People are passing by and I'm waiting for you, just for
you

This involuntary, impulsive desire in our everyday life
Car, phone, photos, piano, video, night Supermarket
Our movie could be love

Special dinner by candlelight
Now I know how I want to spend my life
You are the kind of person I was dreaming of

Night night, night inside your eyes
People are walking alone and I'm waiting for you, only
you
Night night, night inside your eyes
People are passing by and I'm waiting for you, just for
you

Night night, night inside your eyes
People are walking alone and I'm waiting for you, only
you
Night night, night inside your eyes
People are passing by and I'm waiting for you, just for
you

I always, I always will wait for you
Meu amor sera sempre seu, sempre

Night night, night inside your eyes
People are walking alone and I'm waiting for you, only
you
Night night, night inside your eyes
People are passing by and I'm waiting for you, just for
you

I always, I always will wait for you
Meu amor sera sempre seu, sempre

Night night..night night.
