You know you have a problem when you feel this weak
These words are choking me, I need to breathe.
You know you'll never solve them, you made a choice
There's no escaping this, your opinion's voiced.
We're standing here, staringÂ

Off into the distanceÂ
Fearful of a world without youÂ
It's a world I can't adapt too.
Off into the distanceÂ
Fearful of a world without youÂ
It's a world I can't adapt too.

There's a point in time when we need to decideÂ
Is this the life you want to live?

Off into the distanceÂ
Fearful of a world without youÂ
It's a world I can't adapt too.
Off into the distanceÂ
Fearful of a world without youÂ
It's a world I can't adapt too.

So we say goodbye to everything we fought for, for all
we fought to love
Now the battle stands in understanding how you did
this to me.

What can be the outcome, of us going nowhere?
