I've been longing for a sign to show me what fate will
bring me

There's this shining light blinding my eyes.

Baby this is it! This is it!

I'd like to see you stop me, there's only one way out.

Now come on, what are you waiting for?

There'll come a day when we will know the way

We'll live our lives the way we should be

Oh my God, we're taking two steps forward and three
steps back.

We're going under, we're doing down.

Things have got to change if we want to stick around

There'll come a day when we will know the way

We'll live our lives the way we should be

I'll tell you this, there's not a chance I won't take

My heart's my sword, you can't say a thing that will
make it break.

This is my life, you can't take that away.

And I know that I'll make it one day.

There'll come a day when we will know the way

We'll live our lives the way we should be
