There is no reason for my mind
To try to find the flames that died
Walk like a loner in the night
Trying to find you

How can i dream this vision
When I must seek my mission
What can you hide from in my mind

Why can't I hold your fire
When it is burning higher
Why do I fear the heat inside

Every night I'm trapped by eternal fire
Can't you see what you do to me

Caught by fire
When I see your angel eyes
Caught by fire

You make me hypnotized
Caught by fire
When you touch me with desire
Caught by fire
You make me realize

Why can't you try to ride the wind
Or live your life in darkest sin
Hide like a devil in disguise
Never to find you

If I can feel your breathing
Couldn't you stop this feeling
Lost in my mind, you wont be found

Why can't you see I'm hurting
Can't you forget your searching
Fading away, you can not stay
