Every morning when I wake,
I, Sense you right by my side
And the sunlight shines
Reflecting off your eyes
Revealing colors I have never seen
I'm, bathing in the mystery they bring
And how can I, contain it all inside?

Chorus:

The beauty of your love
It fills my lungs with songs again
In the stillness of this place
I'm captivated by the beauty of you

In the dark I hear your whispers
In the rustlin' of the leaves
And the moonlight shines
It illuminates the night
And if I close my eyes I can almost hear
A gentle voice sayin' do not fear
And how can I, ever deny?

Chorus:

The beauty of your love
It fills my lungs with songs again
In the stillness of this place
I'm captivated by the beauty of you

And the world will fall away
Before your beauty fades
And forever I will stay
Lost in your embrace

Chorus:

When the beauty of your love
It fills my lungs with songs again
In the stillness of this place
I'm captivated by the beauty of you.

Captivated by the beauty of you
Beauty of you
Beauty of you
