Every downcast and weary soul
Come runnin' with arms open wide
Every orphan with nowhere to go
Come runnin' home

Chorus:
To the house of my Father
At the feet of my God
In the arms of my Savior
To the place where I first found love

To the faithful enduring the road
Keep runnin' steady and true
And to the fallen who've lost all their hope
Come runnin' home

Chorus:
To the house of my Father
At the feet of my God
In the arms of my Savior
To the place where I first found love

I found love
I found love

Chorus:
To the house of my Father
At the feet of my God
In the arms of my Savior
To the house of love

Chorus:
To the house of my Father
At the feet of my God
In the arms of my Savior
To the place where I first found love

First found love
I found love
