Creator of this world
You're jealous for my soul
Maker of the heavens
So beautiful

Father of the nations
You're forming me perfectly
Founder of Forever
You're everything to me

Chorus:
How great is your love
How great is your love
How great is your love
That surrounds me, overwhelming me

Violent God of justice
Your mercy still remains
And though my heart it fears you
Trembling, I come and I run into your arms again
Run into your arms again
Run into your arms again
Again...

Chorus:
How great is your love
How great is your love
How great is your love
That surrounds me, overwhelms me (overwhelms me)

How great is your love
How great is your love
(Captivated, captivated by your love)
How great is this love that surrounds me
Captivates me
Overtakes me
