In the back of my heart,
I can hear your voice whispering softly
It's like something I remember
Remember from a dream
Memories flooding over me
I could spend forever
Deep inside your mind
Exploring what it means to love

Bridge:

I can't believe I'm falling in love
With someone that I barely know
Even if I spent my whole life
Learning just how to please you
I'd feel incomplete

Chorus:

So won't you come just a little closer?
So I can see the lines on your face?
Know my obsession

I'd sing it just to touch you
Your eyes pierce my soul
And ah, you never changed
If I could only reach you
And understand your ways
I'd obtain a mystery

Bridge:

I can't believe I'm falling in love
With someone that I barely know
Even if I spent my whole life
Learning just how to please you
I'd feel incomplete

Chorus:

So won't you come just a little closer?
So I can see the lines on your face?
Know my obsession

I long to know you
A glimpse is not enough

To fill my empty places
I've tasted enough
That I won't rest 'til I know my obsession
My obsession
My obsession...
