She painted a bull's eye on my mind
No matter how I moved her aim was never high
I guess that was what I needed at the time

A good woman is hard to find
A good woman is hard to find
A good woman is hard to find
A good woman is hard to find

She was heavy, on the back beat
See played me just like a tambourine
Well, she took me to church, prayed till it hurt

A good woman is hard to find
A good woman is hard to find
I'll live to love another one more time
A good woman is hard to find

She was a helluva woman, from a helluva town
She took me all the way, it was a long way down
She makes me wonder, wonder, all day long
Can a good woman ever be found? Can a good woman
never be found?

She was beauty and adventure
She seemed so glad to be alive
I want to be happy but not all the time

A good woman is hard to find
A good woman is hard to find
I'll live to love another one more time
A good woman is hard to find

She wrapped me up, saved me for later
Left me no way to penetrate her
Guess that was what I needed at the time

A good woman is hard to find
A good woman is hard to find
I'll live to love another one more time
A good woman is hard to find
