Candy told me, "Nothing really matters anymore"
And when I ask her what she means she says, "I ought
to know"

Candy said she's made arrangements for me in the
sand

Candy said she wants me with her down in Candyland

Candy says she wonders, she wonders why we try
I couldn't think of what to say, I had no ready reply
But Candy says, "I'd like it where she is"
She says, "It's an opportunity that I don't wanna miss"

Candy said she's made arrangements for me in the
sand

Candy said she wants me with her down in Candyland

Candy said she wants me with her down in Candyland

Candy asked me if she died, if I could go on
"Of course" I said, "I couldn't" and of course we knew
that's wrong

"Oh Candy" I said, "Candy no, you can't do that to me
Because you love me way to much for you to ever
leave"

Candy said she's made arrangements for me in the
sand

Candy said she wants me with her down in Candyland

Candy said she wants me with her down in Candyland

Candy said she's made arrangements for me in the
sand

Candy said she wants me with her down in Candyland

Candy said she wants me with her down in Candyland

And Candy said she wants me with her down in

Candyland

Candy said she wants me with her down in Candyland
