Like a mirror, I'm nothin', I'm nothin', I'm nothin' 'til you
look at me
I'm like a mirror. I'm like a mirror. I'm nothin' 'til you
look at me
I'm like a mirror. I'm like a mirror. I'm nothin' 'til you
look at me
I'm like a mirror, I'm like a mirror, I'm nothin' 'til you
look at me
Martha Lee

Leave your world, come to me, I'm closer to you than I
seem
Wish upon this melody and come to me, Martha Lee

Leave your world and join me soon, leave your world
behind
You can take the Saturn line, in no time, no time

I know a ship that's leaving soon, oh in fact this
afternoon
So don't forget your parachute, I'll be there to catch
you

And you my future constellation, climb up here in the
sky with me
Leave your world and come to me, I'm closer to you
than I seem

Oh, wish upon this melody and come to me, come to
me
Leave your world and join me soon, Martha Lee, Martha
Lee

I know a ship that's leaving soon, in fact this very
afternoon
So don't forget your parachute and I'll be there to catch
you

I'm like a mirror, I'm like a mirror, I'm nothin' 'til you
look at me
I'm like a mirror, I'm like a mirror, I'm nothin' 'til you
look at me
