Nothing's gonna shake me And nothing's gonna to bring me down Nothing's gonna shake me And nothing's gonna to make me change

That's the way I am and I'll always be the same Yeah, oh, nothing's gonna shake me Nothings gonna to make me change That's the way I am and I'll always be the same

And it's one, two, three, four everybody out the door Let's go everyone everbody's got a gun One, two, three, today is so easy It's just a little bit of that simple simplicity, ow

Everything is shimmering (One, two, three, four, everybody out the door) Let's go [Incomprehensible] fast (Let's go everyone everybody's got a gun)

And everything that happened to me (One, two, three, today is so easy) Happened to me for the best (It's just a little bit of that simple simplicity) Oh

Got an action packed extravaganza I got a sweet haiku I got the cash to cover the action I got the soul for you

There's a flag I wanna fly A mountain that I put in time I was always on my way

Nothing's gonna shake me And nothing's gonna make me change That's the way I am and I'll always be the same

Mile high, mile high Mile high, mile high Mile high
