You want to begin again  
Pretend you're innocent  
If you believe, you can convince yourself  
I'm sure you can convince yourself

This town never gave you much back  
Just rumors and a whispering attack  
This town is not your friend  
Never mind the loose ends

Take me with you when you go now  
Don't leave me alone  
I can't live without you  
Take me with you, take me with you when you go

And I don't care about  
The things I leave at home  
'Cause things can't really keep you company  
When you're alone now

You want to burn your bridges?  
I'll help you start the fire  
You want to disappear?  
I got the manual right here

You say you want my help?  
I can't help myself  
You want my help?  
I can't help myself

Take me with you when you go now  
(Take me with you, take me with you)  
Don't leave me alone  
(Don't leave me alone)  
I can't live without you  
Take me with you, take me with you when you go

Take me with you when you go now  
(Take me with you, take me with you)  
Don't leave me alone  
(Don't leave me alone)  
I can't live without you

Take me with you, take me with you when you go  
(Take me with you, take me with you)

You want to begin again  
Pretend you're innocent  
If you believe, you can convince yourself  
I'm sure you can convince yourself

Take me with you when you go now  
(Take me with you, take me with you)  
Don't leave me alone  
(Don't leave me alone)  
I can't live without you  
Take me with you, take me with you when you go  
Take me with you when you go now
