if you could go anywhere, where would you wanna go?
somewhere you know really well?
or somewhere you've never been before?
if you could go anywhere, where would you go?

if you could go anywhere, where would you go?
(repeat 3 more times)

I had a dream
that you were dreaming
and I was dreaming
but it was not a dream
you were here with me
I had a dream

you were here with me
(repeat 3 more times)

I believe
not every dream is just a dream
and I believe
is this you
if you believe you are hear with me

this is not a dream
(repeat 3 more times)

I believe
some dreams
are not dreams
this is not a dream
