COMMUNICATION

it started in december
the snow wouldnt stop to fall
she wouldnt stop to
wonder
but underneath it all
she had the intuition
dispite misinformation
that you will leave her in the cold
and at night she paces around her room
restless and lonely
steps into the night
for a smoke
then back inside
the connection will always be distorted
it was a cold and dark night
when you opened up her door
she was
laying still and cold
with a note on the bedroom floor
the message was unwritten
the paper was as blank as the
expression on her face
the connection will always be distorted
this is just a dream
wake her up
if she doesn't scream shake her
she's playing out a scene
just wake her up
shaky hands
cold
she stands alone
her attention burning fast then its gone
this is just a scene wake her up
she's playing out a dream
wake her up
if she doesn't scream
keep shaking
