There you are staring at you're own tv, and that's how
you want it to be
Passing judgment on what others conceive, you can't
be
bothered to think or see
What is it about humanity, that makes it so easy
Cut your brother fuck your mother and leave, and
elevate your dirty needs
Higher, higher

It should be killing me

Yes ambition built our society, but is it righteous
unfailingly
In the name of the elite you lobby, where do you fit in
this bourgeoisie
Don't you see this affects you and me, so fucking curb
your railing please
Your human nature has a dirty dark seed, that brings
your deep venality
Higher, higher

It's so easy, to say when you're not there
How it should be
It's too easy, to say that you don't care
And it's killing me
x2
