If only for a micro-moment
I'll take your breath your inhibition
It's only just a halfway notion
I can't fight you
I can't fight you

Hear you counting, hear you calling
See you pounding, see you crawling
Feel you grinding, feel you gnawing
Yeah, hear you calling

Bite it, hide it, I can't fight it, you don't mind it
Tried it, liked it, you said buy it, yeah...
Bite it, hide it, I can't fight it, you don't mind it
Tried it, liked it, you said buy it, yeah...

I've got this tragic complication
Twisted and torn sweet inspiration
I secretly beg for a reason
I can't fight you
I can't fight you

Hear you counting, hear you calling
See you pounding, see you crawling
Feel you grinding, feel you gnawing
Yeah, hear you calling

Bite it, hide it, I can't fight it, you don't mind it
Tried it, liked it, you said buy it, yeah...
Bite it, hide it, I can't fight it, you don't mind it
Tried it, liked it, you said buy it, yeah...

Come, give it to me baby, come, hit me with it right
there
Just give it up and feel the deep-set need inside of me
This need i met, it came to bed, but still i fought and
fled, i rot and bled
Yet everything is said, is said, is said... is said

Bite it, hide it, I can't fight it, you don't mind it
Tried it, liked it, you said buy it, yeah...
Bite it, hide it, I can't fight it, you don't mind it

Tried it, liked it, you said buy it, yeah...
