[Solo:]

You are here

You are here

There's no one like you

No one can take your place

[Repeat]

You are here

You are here

There's no one like you

No one can take your place

[Repeat]

Here in your presence

We feel your presence

And we will worship you

Here in your presence

We need your presence

And we will worship you

Here in your presence

We feel your presence

And we will worship you

I know your here

You met us here

I know you're here

We feel you here

[Repeat]

I know it [x8]

He's here

Right now [x4]

I feel him [x8]
