People tried to bring me down
I felt like I couldn't live
But I always hear your voice
Telling me to just hang on in there
I should have been dead gone
Sleeping in my grave
But I can say that because of you I'm still here

You've been
(So good to me)
You've been
(So good to me)
You've been
(There for me, so how could I ever forget about you)
You've been
(So good to me)
You've been
(So good to me)
You've been
(So good to me)

There's been times when I felt like I would die from this
pain
And live with a strain inside
But Lord you heard me and you answered when I called
your name
You came and changed my life
Now things seems to go a little smoother
I seem to handle life a little better
I learned how to wait and have more patience
And I found out that
You keep blessing me
Time after time
Now I can say

You've been
(So good to me)
You've been
(So good to me)
You've been
(There for me, so how could I ever forget about you)

You've been
(So good to me)
You've been
(You complete me)
You've been
(So awesome, so how could I go another day without
thanking you)

You've been
(So good to me)
You've been
(So precious to me)
You've been
(My father, and my healer)
You've been
(My provider)
You've been
(Everything I need)
You've been
(You never left me in question)

If it had not been for your precious blood
I just might have let life overtake me and lost
completely
I don't know where I would be
I probably would be dead right now if it had not been
for your precious
