[Lyrics by Ville Viljanen]

Behind the gate lies another man  
one more step and he would be free  
he's face so cold and it's turning into stone  
is this another dream

I dream of the lives  
that hides in this valley of sacrifice  
they are hidden somewhere beneath the  
surface  
and i can hear them breathing

Now turn away  
don't look ever back  
I can see the flames  
I can feel my strength  
and now the one have returned  
from it's journey

Those creatures (are crying)  
this silence (is fading)  
to get out from this pain of mine  
I have to be the one

Behind the stars lies another place  
where this man has already been  
the halls so white, the walls so great  
is this the place i dreamt  
If they call my name  
I don't want to know  
if they leave behind  
will they turn away  
I just want to see  
all the stars above  
in the sky  
in the beautiful space

Now turn away  
don't look ever back  
I can see the flames  
I can feel my strength

and now the one have returned  
from it's journey

Those creatures (are crying)  
this silence (is fading)  
to get out from this pain of mine  
I have to be the one too
