Can you feel what is happening?
The turmoil is building
I will make you my offering
As the first sacrifice

The scum of the earth starts to fade
The mankind is too late
We have won, you are gone
And now you will pay the price

[Solo]

Can you feel what is happening?
The turmoil is building
I will make you my offering
As the first sacrifice

The scum of the earth starts to fade
The mankind is too late
We have won, you are gone
And now you will pay the price

The scum of the earth starts to fade
The mankind is too late
We have won, you are gone
And now you will pay the price
