Everybody in the crowd waiting for this moment  
Oh you know the moment where you feel alive  
And I pay anything just to feel it  
Here it is the moment you've been waiting for

Patty614: Here we go  
It's Jesse Cale  
Get on your feet and dance  
Get on your feet and dance

McSwagger: are you ready? haha  
(Go McSwagger)  
Everybody in the clubs gettin shifty  
Sure you never, but you missed me  
McSwagger got the flow to make your heart  
Your breath stop  
McSwag got new boom, he's past that old boom

Thinkin and wondering  
Lookin and hopin  
and Causing your step to slow down  
At least once you gotta feel alive  
You'll never how until you try  
I'm hype man for life  
I'm hyper active  
Everybody move  
Get away with my new boom

Everybody in the crowd waiting for this moment  
Oh you know the moment where you feel alive  
And I pay anything just to feel it  
Here it is the moment you've been waiting for
