I swear I've never met a girl like you before  
I think I'll call you baby  
Just a name I've known for so long

And I'll think about you  
And I'll dream about  
Wait for you to answer me

But I think I'll be waiting here for you  
Oh for so long

I've been dreaming quite passionately lately  
I've been thinking about asking you  
What's taking so long, baby?

I know I've never been a place like this before  
I think I'll call it love  
Just a name I've known for so long

And I'll stay here for you

And I'll be there for you  
Wait for you to answer me

But I think I'll be waiting here for you  
Oh for so long

I've been dreaming quite passionately lately  
I've been thinking about asking you  
What's taking so long, baby?

To pull you out of a world gone bad  
I'll be waiting, oh, there for you  
To pull you out of a world gone wrong  
I'll be waiting right here for you

I've been dreaming quite passionately lately  
I've been thinking about asking you  
What's taking so long, baby?
