She was just a girl  
More than that she was a good friend of mine

It's just another day  
Another night  
Another week  
In her life, but not for me

Tonight is the night  
I'm gonna tell you how I feel tonight

Won't waste another chance  
Another day  
Another week  
To break the news to you my girl

So here it goes

I less than three you  
(Oh my God)  
(Oh my God)  
Less than three me too

Baby I love you  
(Oh my God)  
(Oh my God)  
Do you love me? x 2

She was just a girl  
More than that she was the love of my life

And when she tells me all her problems

I say I just want to solve them  
When she needs someone to care  
I'm there

She's always on my mind  
And when I see her I get stirred up inside

I wanna tell her how I feel  
But I'm nervous

I don't wanna  
But I gotta  
So I'll do it right now

So here it goes

I less than three you  
(Oh my God)  
(Oh my God)  
Less than three me too

Baby I love you  
(Oh my God)  
(Oh my God)  
Do you love me? x 2

Do you love me?  
I love you  
Do you love me?  
I love you  
I love you

Do you love me? x 2
