Let you into my life
Shared with you what I see
But you're twistin around
Little peices of me

Made a place in my heart
You were safe in my hand
But you're breaking the rules
Don't you understand

I live my own life
I live free

I was never yours
(You're tied to me)
I'm letting go now
(It's up to me)
Twisting my words
(You're changing me)
Girl, I was never yours to lose
(My time is up)
Just let go now
(My time is up)
Of me
I was never yours

(It's up to me)
(You're changing me)

Let you into my life
Shared with you what I see
But you're twistin around
Little peices of me

Gave you part of my life
Trusted you in my heart

You're assuming too much

Gonna tear me apart

I live my own life
I live free

I was never yours
(You're tied to me)
I'm letting go now
(It's up to me)
Twisting my words
(You're changing me)
Girl, I was never yours to lose
(My time is up)
Just let go now
(My time is up)
Of me
I was never yours

(It's up to me)
(You're changing me)
(It's up to me)
I was never yours
(You're tied to me)
(It's up to me)
(You're changing me)
I was never yours

(You're tied to me)
I'm letting go now
(It's up to me)
Twisting my words
(You're changing me)
Girl, I was never yours to lose
(My time is up)
Just let go now
(My time is up)
Of me
I was never yours
